Paper shredding and electronic recycling event to raise money for school recycling programs– FOR IMMEDIATE RELEASE

Maumee, OH – March 31, 2009. Allshred Services is teaming up with the Maumee Chamber of Commerce and Maumee City Schools to hold an Earth Day Recycle and Shred Fest. The event will be held on April 22, 2009 from 11 a.m. – 6 p.m. at Allshred Services located at 3940 Technology Drive in Maumee, Ohio. Allshred will collect, shred and recycle paper material and will collect and recycle electronic equipment. We are asking for a \$5 donation per drop off (maximum 5 boxes/bags and 5 electronic items per drop off) with all donations going directly to the Maumee City Schools to be used for their student recycling programs. There will also be an additional \$10 charge for the drop off of televisions. The event is open to all area businesses and residents.

Allshred recognizes the importance of recycling and the long term effects it has on our community and our children. We have designed this event as an outlet for citizens to protect their identity and the environment by shredding their confidential information and recycling their shredded material and electronic equipment. Donations from this event will help enhance the recycling programs already in place at the Maumee City Schools and will help to foster a sense of environmental responsibility in our youth.

Allshred Services is a provider of confidential, secure document destruction services. Allshred specializes in designing and implementing efficient, cost-effective data destruction programs and is the largest independent shredding company in the country. They have diverse destruction capabilities that include not only paper products, but also microfilm, CD-Rom diskettes, computer reel tapes, counterfeit clothing, other counterfeit products, contraband, R&D designs, molds and any other material that could be used to cause potential harm to a company or an individual. For more information on our services visit www.allshredservices.com.
