V.P. of Operations elected to National Association for Information Destruction board of directors – FOR IMMEDIATE RELEASE

Maumee, OH – April 13, 2009. Thomas Huth, Senior Vice President of Operations at Allshred Services, was recently elected to the National Association for Information Destruction (NAID) board of directors. As a NAID director Mr. Huth will help set organizational policy for NAID and identify the strategic direction of the association. He will be responsible for advancing the current guidelines of the information destruction industry and will help in discerning and developing the latest industry trends. “NAID is the heart of the information destruction world. It is my goal as a director to strengthen the role of NAID and to continue to promote the organization as a tool to protect businesses across the world,” commented Thomas Huth. Mr. Huth was elected to the Board at the 2009 Annual NAID conference in New Orleans. He was elected to a two year term that is effective immediately.

NAID is the international trade association for companies providing information destruction services. NAID sets forth the strictest guidelines for information destruction and offers a certification program for it's members that meet these guidelines. The NAID Certification Program establishes standards for a secure destruction process including such areas as operational security, employee hiring and screening, the destruction process, responsible disposal and insurance. NAID's mission is to promote the information destruction industry and the standards and ethics of its member companies.

Allshred Services is a provider of confidential, secure document destruction services. Allshred specializes in designing and implementing efficient, cost-effective data destruction programs. Allshred is the largest independent shredding company in the country. They have diverse destruction capabilities that include not only paper products, but also microfilm, CD-Rom diskettes, computer reel tapes, counterfeit clothing, other counterfeit products, contraband, R&D designs, molds and any other material that could be used to cause potential harm to a company or an individual.
